SUMMARY

Python Backend Developer with hands-on experience in building scalable web applications using Django, Flask, REST APIs, and MySQL. Developed 10+ full-stack applications including CRM systems, e-commerce platforms, inventory management systems, and business automation tools. Experienced in backend architecture, database design, API development, and collaborating on production-level projects. Passionate about writing clean, maintainable code and contributing to global engineering teams.

TECHNICAL SKILLS

- **Languages:** Python, Java, PHP, C#
- **Backend:** Django, Flask, ASP.NET, JSP
- **Frontend:** HTML, CSS, JavaScript, Bootstrap, AJAX
- **Databases:** MySQL, MongoDB, Oracle SQL
- **Tools:** Git, GitHub, VS Code, XAMPP
- **Concepts:** REST APIs, MVC Architecture, OOP, Authentication, CRUD Operations

PROFESSIONAL EXPERIENCE

Full Stack Developer Intern | Technical Trainer

Enlighten Infosystems | Dec 2024 – Jul 2025

- Developed 10+ production-style web applications using Django, Flask, and Laravel.
- Built secure authentication and role-based access systems.
- Designed RESTful APIs for business applications.
- Optimized MySQL databases for better performance.
- Collaborated with developers to deliver client requirements.
- Mentored 50+ students in Python and Full Stack Development.
- Assisted in debugging, deployment, and project reviews.

PROJECTS

FineFlow – Customer Relationship Management (CRM)

Tech Stack: Python, Django, MySQL, HTML, CSS, JavaScript, Bootstrap

- Developed a role-based CRM system for managing customers, leads, follow-ups, and user permissions.
- Built secure authentication and authorization with role-based access control.
- Designed RESTful backend architecture and optimized MySQL database queries.
- Implemented dashboard analytics, reporting, and customer management features.
- Improved workflow efficiency through centralized customer data management.

GiftFlow – E-Commerce Platform

Tech Stack: Python, Django, MySQL, Bootstrap, JavaScript

- Developed a full-featured e-commerce application with secure user authentication.
- Implemented product catalog, shopping cart, order management, and checkout functionality.
- Built an admin panel for inventory and product management.
- Designed a responsive user interface with optimized database operations.

PROJECTS

InFlow – Inventory Management System

Tech Stack: Python, Flask, SQLite, Bootstrap

- Developed an inventory management system for stock tracking and product management.
- Implemented role-based authentication and inventory reporting.
- Designed modules for product, category, supplier, and stock management.
- Improved inventory accuracy through automated stock updates and reporting.

SWMC – Smart Waste Management System

Tech Stack: Python, Flask, MySQL, Leaflet Maps, QR Code

- Developed a smart waste management platform with QR code-based complaint registration.
- Integrated interactive maps for dustbin location management.
- Built an admin dashboard to manage complaints, locations, and waste collection records.
- Improved issue reporting by providing location-based complaint tracking.

EDUCATION

- **Master of Science in Information Technology,**
Charotar University of Science and Technology (CHARUSAT)
2025 - Present (Pursuing 3rd Semester)
- **Bachelor of Computer Applications,**
TeamLease Skills University
Graduated: June 2025

CERTIFICATIONS

- **Prompt Engineering for ChatGPT** - Vanderbilt University (Oct 2025)
- **Oracle PL/SQL 21c: Apply, Analyze & Build Programs** - EDUCBA (Nov 2025)
- **Introduction to AI** - Google (Apr 2026)
- **SOAR - AI to be Aware** - HCLTech (Sep 2025)
- **Cybersecurity course by Tech Mahindra** - Tech Mahindra (Nov 2024)

ACHIEVEMENTS

- Secured 2nd Rank in BCA
- Developed 10+ production-ready full-stack web applications
- Mentored 50+ students in Python & Full Stack Development
- TechTonic Hackathon Participant
- Volunteer – BAPS Swaminarayan Sanstha

PROFESSIONAL SKILLS

- Problem Solving
- Communication
- Team Collaboration
- Adaptability
- Ownership
- Attention to Detail

ACTIVITIES

- Participant, TechTonic Hackathon (2025) - CMPICA, CHARUSAT
- Core Team Member, Rasrang Club - Organized university-level events
- IGL in Competitive Esports Tournaments
- Winner, Table Tennis Championship (2024)
- Captain, Volleyball Team - Runner-Up (2024)
